

Visitor's Guide to Sandia National Laboratories

Entering Kirtland Air Force Base

Visitors must enter KAFB by either the Gibson Blvd. or Wyoming Blvd. Gates. Visitors must pull into the parking areas at the base gates, exit their vehicle, and enter the guardhouse. You must present the following documents to get an admittance pass for your vehicle:

- valid driver's license
- proof of auto insurance/rental car agreement

If you enter KAFB in a taxi, the driver must stop at the gate. You will be asked to present a picture ID and state your business and destination. Sandia employees host most first-time or infrequent visitors. To expedite your entry onto Kirtland AFB, please ask your Sandia host to call the gate you plan to enter on the day of your visit.
